The FOP shall not aid or assist any persons, or parties, engaging in the above prohibited conduct nor shall the FOP provide funds, financial and other assistance for the conduct or direction of such activities for the payment of strike, unemployment, or other benefits to those persons or parties participating in such prohibited conduct and activities; provided, however, that the FOP may provide legal representation for itself or persons accused of such activities, or for any other purpose it may deem necessary.

Section 6.3 Upon notification confirmed in writing, by the Employer to the FOP, that certain of its members are engaging in a strike, the FOP shall immediately, in writing, order such members to return to work at once and provide Employer with a copy of such an order and responsible officials of the FOP shall publicly order them to return to work. Such characterization of strike by the Employer shall not establish the alleged existence of a strike.

Such notification by the FOP shall not constitute an admission by it that strike is in progress or has taken place or that any particular member is or has engaged in a strike. The notification shall be made solely on the representation of the Employer.

In the event that a strike occurs, the FOP agrees to take all reasonable effective and affirmative action to secure the members return to work as promptly as possible. The FOP shall not be in breach of this Agreement where the acts or actions herein before enumerated are not caused or authorized by the FOP.

ARTICLE 7

Section 7.1 The Employer and the FOP agree that for the duration of this Agreement, neither the Employer or its agents, nor the FOP, its agents or members, shall discriminate against any employee because of his membership or non-membership in the FOP.

Said findings and recommendations shall be advisory only and not be binding on the parties or admissible in any subsequent arbitration hearing. If the parties do not mediate the grievance, or mediation does not resolve the grievance, the City Manager shall submit his answer to the Chief of Oklahoma City Police Department, the employee(s) involved, and the Bargaining Agent Grievance Committee within ten (10) calendar days. The FOP Executive Board shall constitute the Grievance Committee.

- (b) Resignation from employment
- (c) Retirement
- (d) Unexcused failure to return to work upon expiration of a leave of absence

Section 11.4 Notice of recall shall be sent to the employee at his last known address by certified mail.

If the employee fails to notify the Office of the Chief of Police within five (5) calendar days after receipt of such recall notice that the employee intends to return and if the employee after giving such notice of intent to return fails to be available to return to work within ten (10) calendar days after receipt of such recall notice, such employee shall be deemed to have quit.

Lieutenant service points will be calculated based on $\frac{1}{4}$ point for every completed continuous year of service at the rank of Lieutenant from the date of promotion to Lieutenant to the date of the written examination. In the event of a tie for the 15th position on the Captain test, placement at the 15th position shall be determined by seniority as defined in Section 10.2 of the contract. A control identification number will be assigned to each candidate at the beginning of the examination and the assessment process. Any posted scores shall be by the control identification number rather than by individual name. Assessors will not come into contact with members of the Oklahoma City Police Department, prior to or during the process, except in the course of their assessment duties. Any questions that might arise will be resolved by contact

between the Police Department's Director of Training and the Personnel Department.

The last exercise of the Lieutenant Assessment Center will allow for evaluation of candidates' career achievements. Completed standardized resumes will be required to be submitted to the candidates' division commanders fourteen (14) working days prior to the assessment center and will be reviewed for authenticity by the candidate's chain of command and the Director of Training prior to submission to the assessor panel. Division commanders will be required to submit the candidates' resumes to the Director of Training within seven (7) working days prior to the assessment center. The term "*working days*" shall be defined as 0800 hours to 1700 hours, Monday through Friday, excluding holidays.

A candidate will not be allowed to participate in the assessment process if on the date the assessment begins, the candidate is on disciplinary probation or disciplinary suspension. Should any of the candidates for either assessment center become ineligible to participate in the assessment center, their position will be filled by the next highest scoring candidate, up until two (2) weeks of the scheduled start of the assessment process. Vacancies occurring in the list of eligible candidates within two (2) weeks of the scheduled start of an assessment will not be filled.

The Police Department agrees that every consideration will be afforded those applicants for both Lieutenant and Captain Assessment Centers to utilize authorized leave time, excluding sick leave, to help them prepare for the process and be fully rested.

- (c) *Staff Review Process for Captain* – the ten (10) highest rated Captain candidates, after the results of the assessment center as defined in Section 24.7(b), will be placed in an eligibility pool and advanced to the staff review phase. There will be a staff review of the candidates in the Captain eligibility pool for each promotion to Captain, except as defined later in this section. During the staff review phase, the eligibility pool will be evaluated by seven or more sworn members of the command staff. The command staff is comprised of all existing Majors and Deputy Chiefs. Completed standardized resumes will be required to be submitted to the candidates' division and/or bureau commanders prior to the staff review and will be reviewed for authenticity by the candidates' chain of command. Division and/or bureau commanders will be required to submit the candidates' resumes to the Director of Training prior to the staff review. In the event of a tie, Section 10.2 of the contract will determine placement in the pool.

The following selection criteria for the staff review phase has been established to provide structure to the process, thereby allowing staff to recommend in alphabetical order, the best five (5) candidates to the Chief of Police for each captain promotion.

The criteria to be considered in the staff review phase may include, but not be limited to the following:

- An oral review board
- A review of the candidates' resumes
- Attendance records (leave sheets)

When multiple Captain vacancies exist at the time of a Staff Review, or exist within 90 calendar days of the most recent Staff Review, an additional review will not be necessary.

ADDENDUM A-2**WAGE SURVEY METHODOLOGY**

The City of Oklahoma City and FOP Lodge 123, entered into a collective bargaining agreement for FY 2006-2007, and are currently negotiating a collective bargaining agreement for FY 2007-2008. One of the issues in negotiations concerns amendments to the market survey methodology. The parties have a past practice of utilizing a market survey methodology as the factor in determining appropriate wage levels for bargaining unit members, subject to the City's ability to pay. The market methodology dictates the comparison of the City's top rate of pay for each rank to the average of the top rates of pay for each rank in each of the ten (10) peer cities. In the event a peer city does not have a corresponding rank to compare to one of the City's ranks, then a "no match" is reported and that City is not factored in to that specific rank comparison.

To facilitate an agreement for FY 2007-2008, bargaining team representatives for the City and the Union have agreed to compare the minimum and maximum base pay of police officers to that of previously established police officer ranks in the agreed universe of cities, with the following exceptions:

1. The comparison of the maximum base pay of the Oklahoma City - Police Sergeant will include the Tulsa - Police Corporal, Range PD 02, Step P pay rate.
2. The comparison of the maximum base pay of the Oklahoma City - Police Major will include the Nashville - Police Commander, Range PS09 pay maximum.
3. The comparison of the maximum base pay of the Oklahoma City - Police Officer, Range 128, Step G, will be compared to: Austin - Police Officer, Grade H, Step 80

pay rate; El Paso – Advanced Police Officer, Grade P2, Level 4 pay rate; Ft. Worth - Police Officer, Range X03, Step G; Kansas City – Police Officer, Class 806, Range 30, Step H; Nashville – Police Officer II, Grade PS04, Step 7th; Omaha – Police Officer, Class Code, 9010, Range 3 UP, Step F; St. Louis – Police Officer, Base Pay, Year 8; Tucson – Police Officer, Grade 302, Step 8; Tulsa – Police Officer, Grade PD 01, Step P; and Wichita – Police Officer, Range 723, Step H.

4. The comparison at the Deputy Chief rank is a match to Assistant Police Chief at Austin, excluding the Chief of Staff position.
5. The comparison at the Police Major rank is a match to the Police Commander position at Austin.

The agreements made in this Memorandum of Understanding are made for the purpose of establishing the salary survey methodology to be used during negotiations for a collective bargaining agreement for fiscal year 2008-2009, and successor collective bargaining agreements, unless the parties agree to a different process.

ADDENDUM F**OKLAHOMA CITY POLICE DEPARTMENT
DRUG AND ALCOHOL TESTING****1. POLICY**

The City of Oklahoma City (City) and the Fraternal Order of Police Lodge 123 (FOP), jointly recognize that as a condition of employment each employee must abide by the terms of the City of Oklahoma City's Drug Free Workplace Policy, Policy 245 Use of Intoxicants of the Police Operations Manual, Procedure 126 Use of Intoxicants in the Police Operations Manual; Rule 355.0 Consumption of Alcohol and Intoxicants of the Police Operations Manual, and the Drug and Alcohol Policy approved by the City Council on March 27, 1990, as amended and incorporated into this collective bargaining agreement, except to the extent that any provision of this Addendum conflicts with such in which case the provisions of this Addendum will control.

It is further the goal of this Policy to eliminate or absolve such substance abuse and to educate employees concerning the danger of substance abuse, provide assessment referral to appropriate counseling services and/or monitor employees with identified substance abuse problems. Any employee found using, possessing, selling, distributing, testing positive, or under the influence of an illegal chemical substance and/or alcohol during working hours will be subject to disciplinary action up to and including termination, according to the provisions of this Addendum, the above-referenced policies and/or the collective bargaining agreement, as applicable, unless the use or possession is necessary in the performance of an official assignment by the Police Department or a joint task force with the Police Department.

The drug and alcohol testing done by authority of this Addendum shall be done for administrative purposes only. Because the testing is compelled as a condition of employment, the results may only be used in administrative or disciplinary actions as set forth in this policy and no other.

2. SCOPE OF APPLICATION

The procedures outlined in this Addendum for drug and alcohol testing shall apply to all employees covered by the Collective Bargaining Agreement between the City of Oklahoma City and FOP, Lodge 123. Employees may choose to have a union representative present at any time during this process, except during sample collection, but the representative may not interfere or impede in the agreed process.

3. POSTING REQUIREMENTS

In addition to its inclusion in the collective bargaining agreement, each Police Department facility shall post a copy of this Addendum in a prominent place accessible to employees. In

addition, each employee and applicant, upon receiving a conditional offer of employment, shall be provided a copy of this Addendum.

4. EDUCATION AND GENERAL INFORMATION

Employees should know the dangers of substance abuse in the work place, including the City's policy regarding substance abuse and available assistance concerning such abuse. The City of Oklahoma City has an Employee Assistance Program available to its employees. Through the Employee Assistance Program (EAP), the City will institute an educational program for all employees concerning the dangers of substance abuse in the work place. This education program will include the distribution of the City-wide policy regarding substance abuse, the danger of substance abuse in the work place, and the penalties that will be imposed for substance abuse violations occurring while on duty and/or on City premises. The City will also provide supervisory training to assist in identifying and addressing substance abuse in the work place.

Employees who voluntarily participate in the EAP, or are required to participate as a condition of continued employment, will be referred on a *confidential basis*. Participation in an assistance program may be covered by the employee's health insurance plan. However, any costs associated with the employee's participation in an assistance/rehabilitation program which are not covered by the employee's insurance plan will be borne by the employee. Accrued leave may be used during the time an employee is participating in an in-patient treatment program. Leave without pay may be granted for those employees who have insufficient accumulated leave to complete the program.

5. DRUG/ALCOHOL TESTING

The City of Oklahoma City Police Department will require testing for drugs and/or alcohol in the following circumstances, and the employee may choose to have a union representative present, but said representative may not interfere or impede in the process. The union representative may remain with the employee at all times while at the collection site, but shall not be present in the room while the employee is providing a sample. The FOP representative must report to the facility within either 60 minutes from the time of the employee's notification or 30 minutes of the employee's arrival for testing. If the FOP representative is not present with these times, the testing may proceed without the FOP representative.

Prior to testing, the employee will be required to sign a drug/alcohol testing consent form (attached hereto as "Attachment 1"). The consent form will include the time the employee left the worksite to travel to the testing facility. Failure or refusal to sign the consent form and to submit to testing will be cause for a conclusion of a "non-negative" test and appropriate disciplinary action up to and including termination may be administered in accordance with this policy and the CBA.

All testing shall be done in accord with the Oklahoma Standards for Workplace Drug and Alcohol Testing Act, Title 40, Okla. Stat., §§ 551 *et seq.*, and the regulations under said Act

implemented by the Oklahoma State Department of Health (DOH), and regulations of the Substance Abuse and Mental Health Services Administration (SAMSHA) as applicable per the DOH regulations.

5.1 Pre Placement Testing

All external applicants for police officer positions shall undergo drug and/or alcohol testing prior to assignment. Such notice shall be placed in each job application announcement. Job applicants shall only be tested after a conditional offer of employment is made. Refusal to undergo a test, or a confirmed positive test, shall result in a withdrawal of a conditional offer of employment.

5.2 Reasonable Suspicion Testing

- A. If objective evidence exists establishing reasonable suspicion to believe an employee's work performance is impaired due to drug or alcohol abuse or violation of this policy, the employer will require the employee to undergo a test consistent with the conditions set for in this Addendum. Reasonable suspicion testing shall be initiated after the circumstances are reviewed and agreed upon by at least two (2) supervisor level personnel (Lieutenant, Captain, Major, Deputy Chief, or Chief). However, only one supervisor is necessary to require an employee to submit to drug/alcohol testing if an officer observes the employee ingest, smoke or use a controlled substance or alcohol. Supervisors are prohibited from demanding or encouraging drug or alcohol testing without reasonable suspicion.
- B. If reasonable suspicion exists, the employee must be prohibited from working or continuing to work and should be placed on administrative leave with pay. Written documentation of the observations of the officer/supervisor leading to a drug and/or alcohol test shall be created prior to the end of the shift in which the behavior was observed and forwarded to the Chief's office. Additionally, when possible, the officer/supervisor should communicate the basis for the reasonable suspicion to an Assistant Municipal Counselor through the Chief or his designee, prior to requiring such a test.
- C. The employee shall be transported immediately to the designated testing facility by a supervisor. The employee will not be permitted to return to work prior to receiving the results of the drug/alcohol test. The supervisor shall make arrangements for safe transportation to the employee's residence or a place selected by the employee or a relative or friend of the employee, if the employee appears incapable of making a selection.
- D. If the results of the drug/alcohol test prove to be negative, the employee shall be returned to work. If the drug/alcohol tests prove to be positive, the process of Section 14 of this Addendum shall apply.

5.3 Random Testing

- A. All sworn employees are subject to random drug testing in accordance with this Addendum.
- B. All sworn employee names will be provided to the testing agency for placement into a computer program for random selection. A random list containing ninety-one (91) names of sworn personnel employed by the Oklahoma City Police Department shall be generated by the testing agency at the beginning of each quarter and shall be known as the random list. The random list shall be provided in a sealed envelope marked as confidential to the Personnel Department drug testing coordinator. The Personnel Department's drug testing coordinator shall keep the random list in a secure location to which only this individual has access, and the random list shall remain completely confidential to only this individual. The drug testing coordinator shall review the random list daily to determine which employees on the random list are on-duty by confirmation with the Deputy Chief of the Administrative Bureau or his designee, who shall notify the selected employee's supervisor informing the supervisor to ensure the employee reports as soon as possible to the identified testing facility. The Deputy Chief of the Administrative Bureau or his designee, shall ensure that on-duty employees are scheduled for the random testing during the first shift available, and he/she will have flexibility in scheduling during that shift. All employees on the random list must be tested during that quarterly period, or on the first shift assigned to work thereafter, not to exceed 15 days after the end of the quarter. The drug testing coordinator shall indicate on the random list the date and time the Deputy Chief of the Administrative Bureau or his designee, and the employee's supervisor was notified. In cases where an employee is on leave time for the entire quarterly period, they will be stricken from the random list for that quarterly period and a notation will be added to the list explaining why the individual was removed. A representative from Lodge 123 will review the random list every quarter, upon the completion of testing of each individual on the random list, to verify the selections ensuring that no employee is being unfairly singled out or protected. In all cases, the names on the random list shall not be disclosed to anyone other than the drug testing coordinator and the Deputy Chief of the Administrative Bureau or his designee, prior to the individual being directed to testing.
- C. Employees selected for random testing shall report as soon as possible to the testing facility upon notification from their supervisor. Prior to the test, the employee will be required to sign a drug/alcohol testing consent form.
- D. The sample will be collected in accordance with Section 6 of this policy.
- E. The Occupational Health Manager, located in the City's designated medical facility, shall receive and retain all drug and alcohol testing related information, and provide the results to the Labor Relations Division of the Personnel Department. Drug/alcohol test results will only be disclosed to those persons who have a "need to know". The laboratory will advise no one, other than the Medical Review Officer, of

results. The Medical Review Officer can only release the results of a positive drug test to the Employer through the Occupational Health Manager once the Medical Review Officer has completed his/her review, and analysis of the laboratory's test, and an interview with the employee involved.

- F. Willful disclosure of test results to persons not involved in the disciplinary procedure or who do not have a need to know, or failure to uphold the strictest confidentiality in dealing with the random list, or tampering with the random list, or intentionally deviating from these procedures shall result in appropriate disciplinary action, up to and including termination.
- G. The parties agree the City shall use its current practice of requiring Random Drug Testing wherein a 50% equivalency (45 officers) of individuals on the random list are tested for the 5 panel drug screening as provided for under Section 8; a 25% equivalency (23 officers) of individuals on the random list are tested for alcohol, and a 25% equivalency (23 officers) of individuals on the random list are tested for both the 5 panel drug screening and alcohol.

5.4 Post Accident Testing

- A. Post vehicle collision (as defined in Procedure 132.10) drug and alcohol testing shall be conducted on employees involved in a vehicle collision resulting in death or an injury to a non-department employee. For the purpose of this section, an injury is defined as a non-department employee being transported from the vehicle collision by ambulance to a hospital.
- B. All other accidents or collisions will be evaluated for drug and alcohol testing by the standards of reasonable suspicion, as defined in Section 5.2 of this Addendum.
- C. Employees subject to post accident or collision testing shall be tested for drugs and alcohol after an accident or collision.
- D. If such testing cannot be administered within two (2) hours of an accident, the supervisor shall prepare and maintain a written record of the reasons. After eight (8) hours, such efforts to administer testing shall cease and a copy of the written record shall be forwarded to the City's Occupational Health Manager through the Chief/designee.

5.5 Post-Rehabilitation Testing

The City of Oklahoma City Police Department may require an employee to undergo drug or alcohol testing without prior notice for a period of two (2) years, after the employee's return to work following a confirmed positive test, or following participation in a drug or alcohol dependency program under a City benefit plan or attended on a mandatory basis, as a condition of continued employment. Post-rehabilitation testing shall be conducted in addition to any other testing the employee is subject to under this policy.

6. SAMPLE COLLECTION

The collection and testing of the urine or breath samples shall be performed only by a laboratory and by a physician or health care professional qualified and authorized to administer and determine the meaning of any test results. The laboratory performing the test shall be one that is certified by the State Department of Health (DOH) and the Substance Abuse and Mental Health Services Administration (SAMHSA). The laboratory used shall also be one whose procedures are periodically tested by the DOH and/or SAMHSA. The results of employee tests shall be made available to the Medical Review Officer, who is a physician.

Collection of urine samples shall be conducted in a manner, which provides the highest degree of security for the sample and freedom from adulteration. Recognized strict chain of custody procedures must be followed for all samples as set by DOH and SAMHSA. City agrees that it will make every effort to respect the privacy and dignity of the employee during the testing process, and City agrees to make any reasonable accommodation necessary to aid the employee in the testing process.

The Union and the Employer agree that security of the biological urine sample is absolutely necessary; therefore, the Employer agrees that if the security of the sample is compromised before a confirmatory test, test results shall be invalidated.

Urine samples will be submitted as per DOH standards. The employee shall have the right to notify his/her FOP representative and have representation at the testing facility, provided the representative can report to the facility within either 60 minutes from the time of the employee's notification or 30 minutes of the employee's arrival for testing. If the FOP representative is not present with these time periods, the testing shall proceed without the FOP representative.

A split urine sample for drug screening shall be reserved in all cases for an independent analysis in the event of a challenge to a positive test result of the main specimen. All samples must be stored in a scientifically acceptable, preserved manner as established by DOH and SAMHSA. All positive confirmed samples and related paperwork must be retained by the confirmatory testing facility for a minimum of one year. Tests shall be conducted in a manner to ensure that an employee's legal drug use and diet does not affect the test results.

7. CHALLENGING TEST RESULTS

Employees wishing to challenge the results of the City's test as provided for in, 6. *Sample Collection*, above, must do so at his/her own expense and in accordance with the standards set forth by DOH and SAMHSA.

8. DRUG TESTING

The laboratory shall test for only the substances and within the limits for the initial and confirmation test as provided within DOH standards. The initial test shall use an immunoassay, which meets the requirements of the Food and Drug Administration (FDA) for commercial distribution. The substances for which tests may be given includes the related metabolites:

- 1.) Marijuana
- 2.) Cocaine
- 3.) Amphetamines
- 4.) Opiates and semi-synthetic and synthetic narcotics
- 5.) Phencyclidine (PCP)

If initial testing results are negative, testing shall be discontinued. Only specimens identified as positive on the initial test shall be confirmed using the Gas Chromatography/Mass Spectrometry (GC/MS) techniques as provided within the DOH and SAMHSA standards. If confirmatory testing results are negative, all test results are considered negative.

9. ALCOHOL TESTING

A breath-alcohol testing device shall be used to screen for alcohol use. A testing facility certified by the Oklahoma Department of Health shall perform the testing. Initial test results less than .020 shall be considered negative. Initial test results of .020 or higher shall require confirmatory testing. Confirmatory testing less than .020 are considered negative. Confirmatory testing of .020 or higher are considered positive.

10. MEDICAL REVIEW OFFICER

The City of Oklahoma City shall engage the services of a State Board of Health qualified Medical Review Officer who must be a licensed physician with knowledge of substance abuse disorders. The Medical Review Officer shall be familiar with the characteristics of drug tests, the laboratories running the tests and the medical conditions and the work exposures of the employees. The role of the Medical Review Officer will be to review and interpret all non-negative test results. No test shall be confirmed positive until the Medical Review Officer examines alternate medical explanations for the results. This action shall include conducting an interview with the affected employee, review of the employee's medical history, examining the possibility that any positive drug tests could be the result of an exposure in the line of duty, and review of any other relevant biomedical factors. The Medical Review Officer must review all documents made available by the tested employee when a confirmed positive test result could have resulted from legally prescribed medication, and he/she must also review any work related explanation for a confirmed positive test result. The Medical Review Officer is the only person who may advise the Employer, through the Occupational Health Manager, of an employee's positive test result.

11. LABORATORY RESULTS

The laboratory will report all negative test results to the Occupational Health Manager. The laboratory will advise no one, other than the Medical Review Officer of any non-negative test results. Once the review and analysis of the laboratory's test has been completed, the Medical Review Officer may only release the results of a positive drug test to the employer through the Occupational Health Manager. The results of a positive drug test can only be released to the Employer by the Medical Review Officer once he has completed his review and analysis of the laboratory's test. All negative test results will be reported from the lab or Medical Review Officer directly to the Occupational Health Manager. The Occupational Health Manager will file the negative test results in the appropriate files until they are destroyed per the city's document retention policy, and said records are considered as confidential medical and personnel records.

12. COSTS ASSOCIATED WITH TESTING

The City of Oklahoma City Police Department is responsible for costs associated with drug or alcohol testing. However:

- 1.) If an employee requests a retest to challenge the findings of a confirmed positive test, the employee is responsible for the cost of the test, unless that test is negative, in which case the City of Oklahoma City Police Department is responsible for the cost and for reimbursing the employee for the cost of the test.
- 2.) Any test requested by the City of a current employee must be performed during or immediately contiguous to the employee's scheduled work period, if reasonably possible. If this process extends beyond the employee's scheduled work period it will be deemed compensable work time as applicable under the Fair Labor Standards Act (FLSA).
- 3.) In the event that the challenge results in a negative result, the City will reimburse the employee for the incurred expense.

13. REFUSAL TO UNDERGO TESTING/TAMPERING WITH SAMPLE

Employees refusing to undergo testing according to the terms of this policy shall be subject to disciplinary action up to and including termination. Refusal, as used in this policy, means that the employee will not provide a sample for testing, does not arrive for a scheduled drug or alcohol test without having been excused or will not leave their worksite after having been required to proceed to the testing facility. Employees found supplying or attempting to supply an altered sample or a substitute sample, not their own, by alternative means, shall be subject to disciplinary action, up to and including termination.

14. EMPLOYEE ASSISTANCE PROGRAM (EAP)

Any employee who tests positive for drugs or alcohol shall be evaluated and counseled by an EAP counselor. Subsequent to this counseling, an employee shall be given one opportunity during the employee's career to continue employment after an initial occurrence of a positive drug or alcohol test, provided that if the employee has a second positive test for alcohol or as a result of addiction to a medically prescribed drug for treatment for an actual, medically documented injury, the Chief may determine to allow the employee an additional opportunity to retain employment with discipline and/or counseling. Any other second positive test shall result in the employee's termination per Section 15. Non-probationary employees who test positive and successfully complete a rehabilitation program will be afforded continued employment contingent upon the employee being required to undergo random periodic drug and/or alcohol post-rehabilitation testing for a period of two (2) years, and satisfactorily participating and completing the Employee Assistance Program. If in-patient rehabilitation treatment is required, the employee may be permitted to use leave under the Family and Medical Leave Act (FMLA), which includes accrued vacation leave and sick leave. Compensatory time may be used for an FMLA reason but cannot be applied toward FMLA leave.

An employee may voluntarily enter rehabilitation without a requirement or prior to notification of testing. Employees who enter a program of their own initiative shall not be subject to the two-year, post-rehabilitation testing; however, they will continue to be subject to random testing in the same manner as all other sworn employees. To the extent that there are treatment and rehabilitation costs over and above the employee's insurance coverage, the difference shall be the responsibility of the employee.

If an employee subject to post-rehabilitation random testing tests positive any time during the twenty-four (24) month, period, they shall be subject to disciplinary action up to and including termination.

If any employee has completed a treatment regimen set forth by a physician as a result of a documented on-the-job injury and the treatment regimen included the prescription of an addictive or habit forming drug, and if the drug is no longer prescribed and the employee tests positive for that drug, or if the Medical Review Officer determines in his/her professional opinion that the drug being abused is a result of the OJI treatment regimen, then the employee will not be subjected to the disciplinary standards of this policy. The employee will be required to submit to a treatment and recovery program as prescribed by the EAP counselor. Upon completion of the prescribed treatment and recovery program, the employee will be subject to the two-year post-rehabilitation testing period. In these cases, an employee who has successfully completed the prescribed treatment and recovery program and post-rehabilitation testing may petition to have his/her medical file purged of any reference to his/her drug problem immediately upon completing the post-rehabilitation testing period.

15. DISCIPLINARY ACTION

The City of Oklahoma City shall not take disciplinary action against an employee who tests positive for drugs or alcohol unless the test results are confirmed by a second test performed on the same sample, using one of the methods prescribed in this policy. After a first positive test in an employee's career, the employee shall be given one opportunity to successfully complete a rehabilitation program and continue employment, per Section 14. On a second positive test in an employee's career for alcohol or as a result of addiction to a medically prescribed drug for treatment for an actual, medically documented injury, the Chief shall determine the appropriate discipline, up to and including termination. Any other second positive test shall result in the employee's termination.

If an employee refuses to test or tampers with a test in violation of the provisions of this policy, he or she will be subject to discipline up to and including termination.

At no time shall the City of Oklahoma City discipline an employee who tests positive as a result of said employee's lawful exposure to or contact with drugs or alcohol. An officer shall be expected to explain any lawful exposures arising out of the course and scope of the employee's job, if not documented in official police reports.

Continued employment after a first positive test shall be contingent upon the employee being required to undergo random or periodic drug and/or alcohol post-rehabilitation testing for two (2) years, and satisfactorily participating and completing the Employee Assistance Program. If in-patient rehabilitation treatment is required, the employee may be permitted to use leave permitted under the Family Medical Leave Act (FMLA), which includes accrued vacation leave, sick leave, and compensatory time.

16. DUTY ASSIGNMENT AFTER TREATMENT

Once an employee successfully completes rehabilitation, and/or obtains a release to return to work, from the treatment provider he/she shall be returned to full-duty upon submission to the Labor Relations Division of a negative drug and/or alcohol test obtained at the employee's expense. However, management reserves the right to determine the suitability of the officer's full-duty assignment as it pertains to drug and/or alcohol exposure. Once treatment and any follow-up care is completed, and two (2) years have passed since the employee successfully completed the program, the employee may petition to have his medical file purged of any reference to his/her drug or alcohol problem. Such information should at no time be a part of or included in the employee's personnel file.

17. RIGHT OF APPEAL

The employee has the right to challenge the actions of management alleged to be in violation of this Addendum, the results of the drug and/or alcohol tests and any discipline imposed in the same manner that any other Employer action under the terms of this agreement is grievable under Article 8.

18. CONFIDENTIALITY

The City of Oklahoma City shall maintain confidentiality in the administration of the drug and alcohol testing program and shall treat all tests and all information related to such tests, including interviews, memoranda, reports and statements as confidential, except where release of information is required under the Open Records Act.

- 1.) All records to drug/alcohol testing shall be kept separated from personnel records.
- 2.) Such records may not be used in any criminal proceeding or civil or administrative action, except in actions taken by the City of Oklahoma City or otherwise involving the subject employee and the City, unless there is a valid court order authorizing the release of such records.
- 3.) Records shall be the property of the City of Oklahoma City and will be made available to the affected applicant or employee for inspection and copying upon written request.
